

SUPER UTTO TRAC FE

Full Synthetic Universal Wet Brake Transaxle and Hydraulic Systems Oil

Description

Super Utto Trac Fe is a full synthetic oil, specially developed for wet brakes, working under extended temperatures and under all circumstances.
Fuel economy is possible by reduced friction and a very good protection against wear and oxidation.
Carefully selected additives avoid disturbing brake noises.

Quality level

ISO 32/46
VOLVO WB-102

Available in

Carton of 6x5 L.
Barrels of 30, 60 and 208 L.

Application

This oil is extremely suitable for the quality level 97304 (WB 102) of Volvo, but can also be applied for use in automatic transmissions, hydraulic systems, tractor converters, heavy duty equipment, wet brakes and forklifts.
